DIESEL TRAILER

EXPERIENCE THAT'S DRIVING A NEW ERA IN VEHICLE ENGINEERING

In sectors such as mining, construction, agriculture, and civil works, downtime can be expensive, making the efficient operation of equipment a top priority. A crucial factor in maintaining this operational efficiency is ensuring a consistent and dependable fuel supply for your heavy machinery, no matter where the job leads. This is where Shermac Diesel Trailers shine—offering a safe, robust, and highly effective solution for transporting and dispensing diesel fuel in even the most demanding environments.

With more than twenty years of experience in producing specialized fuel and service trailers, Shermac has established a reputation for providing high-quality equipment tailored to meet the unique challenges of Australia's tough conditions.

Our diesel trailers are designed with durability, versatility, and safety in mind, ensuring your business can continue to progress without the disruptions caused by fuel shortages.

APPEARANCE

Our diesel trailers boast an aesthetically pleasing exterior, which adds value to your company image, and presents a professional image to the public.

SECURITY

The trailer is completely enclosed, which provides security, and protection of the dispensing equipment from the elements, greatly improving durability.

FLEXIBILITY

These mine-spec diesel trailers are engineered to deliver outstanding performance in the toughest mine environments.

OPERATOR PROTECTION

One-piece, top-hinged doors offer operators protection from both sun and rain.

“

Our new service trailer is an absolute winner, with field maintenance enjoying the reduced scheduled service times as a result of a well- prepared unit

“

The trailers make us look more professional, and because they have everything on board, it allows the team to complete services quickly, safely and without mess

“

It's a much cleaner and easier way to work. Environmentally, this solution reduces the risk of spillage and contamination that may occur when working out of drums

“

Thank you and your team for an outstanding job on the trailer. I am very impressed with the finish and set up of the trailer. It will be a head turner where ever I go from now on
