

WASH DOWN TRAILER

EXPERIENCE THAT'S DRIVING A NEW ERA IN VEHICLE ENGINEERING

Shermac's Wash Down Trailers are the ultimate solution for keeping your equipment and work sites clean, no matter how tough the environment. Designed with durability, and performance in mind, these trailers deliver high-pressure cleaning power right where you need it. Built to withstand Australia's harshest conditions, Shermac's wash down trailers are trusted across the mining, construction, and civil industries for their reliability and efficiency.

Each wash down trailer is engineered to handle demanding tasks, from removing grease, heavy dirt and grime on machinery to cleaning work areas and vehicles. With customizable tank capacities, powerful pumps, and user-friendly controls, Shermac ensures you get a trailer tailored to your specific needs.

Safety and compliance are built into every unit, with features such as burst protection, safety lance and heavy duty hose reels. Like all Shermac vehicles, these units built to stand the test of time.

PERFORMANCE. RELIABILITY. FLEXIBILITY.

Benefits of Shermac wash down trailers

- Improved Efficiency: Reduce downtime and keep equipment performing at its best with regular and effective cleaning.
- Cost-Effective Solution: Avoid costly off-site cleaning by bringing the cleaning system directly to your operation.
- Enhanced Safety: A clean work environment minimizes the risk of accidents and improves equipment longevity.
- Minimized Environmental Impact: With water-efficient systems and optional recycling capabilities, Shermac trailers are an environmentally responsible choice.

APPEARANCE

Our wash down trailers boast an aesthetically pleasing exterior, which adds value to your company image, and presents a professional image to the public.

SECURITY

The wash down trailer is completely enclosed, which provides security, and protection of the dispensing equipment from the elements, greatly improving durability.

FLEXIBILITY

These mine-spec wash down trailers are engineered to deliver outstanding performance in the toughest mine environments.

ON-SITE CLEANING

Designed for mobility, Shermac Hot Wash Trailers are ideal for operations in remote or hard-to-reach locations. Their versatile design makes them suitable for cleaning heavy machinery, vehicles, equipment, and even site facilities.

“

Our new trailer is an absolute winner, with field maintenance enjoying the reduced scheduled service times as a result of a well- prepared unit

“

The trailers make us look more professional, and because they have everything on board, it allows the team to complete services quickly, safely and without mess

“

It's a much cleaner and easier way to work. Environmentally, this solution reduces the risk of spillage and contamination that may occur when working out of drums

“

Thank you and your team for an outstanding job on the trailer. I am very impressed with the finish and set up of the trailer. It will be a head turner where ever I go from now on
